SUBJECT: New RealSource eCatalog

Good afternoon, RealSource users.

An additional eCatalog is live this morning in the RealSource system and available for use to the entire university. The eCatalog is with Medline, an American healthcare company. Medline is the largest privately held manufacturer and distributor of medical supplies. Medline provides products, education, clinical programs and services with offices in 20 countries. This brings the total count of RealSource eCatalogs to 30. If you have questions about this or any other RealSource eCatalog, existing or future, please send an email to RealSource@vcu.edu or call 8-1077, Option 6.
