Good afternoon, RealSource users.

An additional eCatalog is live this morning in the RealSource system and available for use to the entire university. The eCatalog is with Agilent, an American instrumentation development and manufacturing company. Agilent provides analytical instruments, software, services and consumables for the entire laboratory workflow. The company also focuses its products and services on six markets which includes food, environmental and forensics, pharmaceutical, diagnostics, chemical and energy, and research. This brings the total count of RealSource eCatalogs to 31. If you have questions about this or any other RealSource eCatalog, existing or future, please send an email to RealSource@vcu.edu or call 8-1077, Option 6.
